## **Exhibit 14: Cost of Facilities**

This Exhibit will track the requirements of proposed Stipulation 14, dated August 26, 2019, and therefore, the requirements of 16 NYCRR § 1001.14.

### **14(a) Total Capital Costs**

A detailed estimate of the total capital costs of the Project, including costs associated with development and permitting, commercial-scale solar arrays, the balance of Project equipment and engineering, and other costs necessary for interconnecting the Project to the New York grid is included as Appendix 14-1. As this information is proprietary, the Applicant is seeking the requisite trade secret and confidential commercial information protection for this information pursuant to Public Officers Law (POL) Section 87(2)(d) and 16 NYCRR § 6-1.3.

### **14(b) Source of Capital Cost Estimates**

The cost estimates provided in Appendix 14-1 are based on the Applicant's knowledge of industry and experience in developing and constructing solar energy projects in the United States as well as estimated prices from vendors associated with the various solar energy project Components, all in current United States dollars.

### **14(c) Work Papers**

Upon the demand of any party or of the New York Public Service Commission (NYPSC), the Applicant shall supply the work papers from which the estimates required by subdivision (a) of this Exhibit were made, provided that demand is made in the form of a written request. As this information is proprietary, it is typically treated as a trade secret confidential commercial information. Therefore, the Applicant will seek the requisite trade secret confidential commercial information protection for this information pursuant to POL Section 87(2)(d) and 16 NYCRR § 6-1.3.

### **14(d) Good Faith Estimates**

To the extent available, the Application includes the non-binding good faith estimates of the System Upgrade Facilities (SUF) and the connecting Transmission Owner Attachment Facilities (CTO-AF), which is provided as part of the System Reliability Impact Study (SRIS) by the New York Independent System Operator (NYISO) and included as Appendix 5-1 of the Application.
